

Messy Brownies from She Makes and Bakes

Prep time 15 minutes Bake time 33-38 minutes at 400

1 [recipe for brownies](#) or 1 box mix
1/2 can sweetened condensed milk
1/4 cup Nutella
16 Oreo cookies

Preheat your oven to 400 degrees.

Generously grease a 9x9 pan with cooking spray. Mix your brownie batter together and pour half the mixture in the pan, spreading it out into the corners. Arrange your Oreos on top of the batter. In a small bowl, combine the condensed milk and Nutella. Pour this over the Oreos, making sure that it gets on top of and in between the cookies. Spread the rest of the brownie batter on top, covering everything. I had a few spots that were uncovered, but do your best. Bake for 33-38 minutes until you can gently shake the pan and the center is mostly set. Let cool before slicing.
